

"Tonic Australia and myself are committed to the synergy of whole food nutrition, herbal medicine, pathology test interpretation and innovative holistic health care."

Angela Hywood N.D.

BSc (Naturopathy), Dip Bot Med, Dip CN, Dip Hom. MNHAA; MANTA.

Australian Naturopath, Medicinal Herbalist and Homeopath.

Angela is a featured lecturer at many medical, naturopathic, chiropractic, and herbal medicine conferences in both Australia and the US. She has been in practice for 12 years, and currently practices in Boston and Sydney, Australia, specializing in integrative functional medicine.

Angela was a faculty member of both the Botanical Medicine and Naturopathic Medicine departments of several Australian naturopathic schools. She is currently appointed as faculty member at University of Miami School of Medicine, Integrative Medicine department and is appointed to the editorial committee of the American Herbalist Guild Journal.

Phonelink gives you a chance to tap into her clinical expertise each and every month.

Other Great Features of Subscribing to Phonelink

Phonelink features Audio File Downloads

We are pleased to offer an audio file download as a feature of our ever-popular Phonelink Seminars. Registered participants will be able to download an audio file after each event which they can save onto their computer at no extra cost. Notes for each session will also be downloadable. Not available at the live seminar time? No problem – with the Audio File Download feature you can listen to the seminar anytime at your convenience.

Clinical Support

Registered participants will be able to access Angela Hywood N.D. via phone/email for personalized clinical support throughout the subscription period for no extra cost.

Online Protocol Library & Health Facts Sheets

You will be able to download over 100 protocols, clinical tools and health facts sheets from the dedicated Phonelink Members Lounge area of the Tonic Australia Website.

Monthly eNewsletters

You will receive a monthly email newsletter with health news from around the world and information about the latest clinical trials that reveal clinically relevant information for your practice.

Full details of these great features will be supplied in the Phonelink Users Guide upon registration.

Great Value

Only \$525 per program (Women's Wellness or Grow Your Practice) OR \$1050 for both programs.

What doctors are saying about Phonelink

"I have studied the adrenals for 20+ years at seminars. I think I learned more applicable information tonight in just 90 minutes! You gave us so much information but so well laid out and clear – so usable. Thank you so very much for spending so much time for us all."

Chiropractor, Atlanta, Georgia

"You radiate such a warm spirit and what comes out of your mouth is always astoundingly intellectually refreshing. The seminars are by far one of your best that I have ever had the pleasure of hearing."

Medical Doctor, Washington

"The presentation was clear and informative, and I did notice that your teaching method actually resembles what I learned in my BA in chemistry teaching program at University of Northern Iowa! All too often presenters just rattle off fact after fact, so it was nice to be TAUGHT instead of just thrown facts at."

Chiropractor, Holland, Michigan

"Thank you Angela and Tonic Australia. These telephone education sessions have changed the way I practice. I felt unsure of how to use herbal medicine and nutrition in my practice – you've given me the confidence to apply natural medicine and see outstanding clinical results. My patients are thriving, as is my practice. Thank you!"

Chiropractor, Vancouver, Canada

"As an experienced Integrative Doctor, I am really delighted I joined this program. It keeps me up to date with the latest research and your protocols are refreshingly innovative...the results I am achieving in my clinic are better than ever. Thanks for your willingness to host Teleconference Training. I love that I can be participating and be at my own clinic at the same time."

N.D, Seattle, Washington

Phonelink 2007 SEMINAR SERIES

Commences March 2007.

Register now to avoid disappointment!

There are many paths to healing, and health is a cohesive balance of mind-body-soul. Join Angela Hywood, international health and wellness lecturer and naturopathic physician, for our 12 month teleconference series of education, inspiration and innovation. Your speaker, Angela Hywood N.D, will be presenting live from Australia on a monthly basis.

This web interactive teleconference series is a must-attend for any health care professional involved in the management of patient's health with herbal and nutritional supplements. Our phone & web based seminars give you the experience of being at a seminar, without leaving your home or office.

This is a unique program, providing solid instruction in the practical application of nutritional and herbal therapies in clinical practice. You will:

- Expand your knowledge in treating conditions.
- Learn testing procedures and interpretation.
- Explore the multiple clinical applications for common herbs and nutrients.
- Gain clinical confidence in combining herbal and nutritional therapies safely and effectively.
- Sharpen your prescribing skills.
- Asses the evidence: Proof or promotion in natural medicine.
- Improve health outcomes for your patients.

Women's Wellness Program – 2007

Women's Health and Hormonal Balance – Practical tools to treat your patients. This down-to-earth seminar series will reflect the most up to date international information on best practice and strategies for treatments when dealing with hormonally compromised patients. Learn testing procedures, interpretation and clinically proven protocols for your patients.
